Snettisham Primary School Newsletter
October 2026

email:office@snettishamprimary.co.uk Tel:01485 541274
website: https://www.snettishamprimary.co.uk

Dear Families

We had another very busy start to the academic year. From seeing our new Reception children settle into their school routines to watching our Year 6 pupils step up as fantastic leaders, every classroom has been buzzing with learning and enthusiasm.
In the first month we had a visit from Ofsted who praised the school; rating it 'strong' in four areas and 'expected' in three. The inspectors complimented the behaviour and attitudes of the pupils; they praised the working walls and strong teaching and learning. Our inclusive ethos was noted as was our focus on the personal development of our pupils.

Attendance continues as a priority for us and we have queries on codes used if children attend appointments. To reduce time missed, please make sure you bring your child to school first thing where ever possible, then collect and return to school. This will ensure the children do not miss the important routines of the morning or afternoon sessions. A whole day taken for the dentist, hospital or GP is not usually authorised - however there may be exceptional circumstances so let us know if you have any questions about this.

We have had some fantastic enrichment opportunities this term already – Croydon Cup, Hello Yellow Day, swimming, Harvest festival celebrations and Pirate Day!

I am continuing to work with Ms Jackson throughout this exciting autumn term and Mr Emmens has also brought a wealth of experience to Snettisham Primary School. Thank you once again for your continued support, partnership, and encouragement throughout this term so far.

Mrs Jones

Please see our website for further information.

Our Learning

OAK CLASS

Year 6 have made a great start to the year. This half term in English we have been studying the book 'The Arrival' by Shaun Tan which is a beautiful and very moving book with no words. It follows the story of a man who is an immigrant and how he builds a new life for himself and his family. Oak have also had the opportunity to use their emotive language to write letters to the unnamed soldiers from WW2. A local councillor will be visiting school in November to collect these letters and take to along to the memorial. In Art, we have enjoyed learning all about William Morris and recreating his print techniques for wallpaper. History has been a particularly popular subject, learning all about WW1 and learning about the conditions of the trenches was interesting albeit a little gruesome! Children have had the opportunity to partake in swimming lessons at Oasis and have shown fantastic improvement. In Maths, children have pushed their place value knowledge to deepen their understanding of numbers and what makes numbers. We have started to develop and improve our arithmetic skills and have noticed we are a little less confident in some of our times tables (keep practising these at home).

Year 6 - What your child will be learning about in Autumn 1 2026

Dear Parents and Carers,

It is a pleasure to welcome Year 6 to their final year of primary school! It's a busy and important one too, as we work towards our SATs in May. There's plenty to dive into before that though with a curriculum that explores some fascinating topics with enrichment opportunities all the way through the year. This year, homework will be set on 'SATs Companion' a website for which all the pupils will be provided a login. It will be set on a Friday, due by the following Friday. One of the most important things pupils can do is to keep reading regularly and practising their times tables!

Thank you and kind regards, The Year 6 Team.

WILLOW CLASS

Hello everyone, I cannot believe we have been back to school for 8 weeks already! I just want to start by saying that all of the children in Willow class have either settled into Reception or transitioned into Year 1 beautifully.

The Year 1 children have been working on addition and subtraction in maths, this has been a bit of challenge but we have worked through it well and we can see progress in their learning. We have also had a big focus on number bonds to 10 so if you ever get a spare 2 minutes please practise at home too! In English we are learning the model text 'Our Trip to the County Museum'. In Science we have been learning all about the Human Body. They have really enjoyed this half terms art which has been all about different types of lines, primary and secondary colours! 😊

The Reception children have made a fantastic start to their learning journey. They have been busy exploring messy play, being creative, number work, letter work and much more! They have become experts at tidying up and have been working hard on being a team and helping everybody. They have been learning the Model Text 'Finding a Friend'. They have made so much progress already and they are brilliant addition to Snettisham Primary School. In maths they have looked at subitising, grouping and learning to count and form numbers up to 5. In knowledge the topic is 'All about me' so we have been looking at who lives in your home, who is in our community and the types of houses we live in. 😊

Our Learning *(cont'd)*

WILLOW CLASS

Computing

Reception:

We will have the opportunity to use the coding mouse.

Year 1:

We will have the opportunity to use the beebots.

History

Reception:

Who was Guy Fawkes

Year 1:

We will be learning about how History has such an impact on our lives.

Snettisham Primary School

English

Reception:

We will be learning the text 'The 3 little pigs'

Year 1:

We will be learning the text 'The Country Museum' and 'Animals and their needs'

P.S.H.C.E.

Personal, Social, Health, Citizenship and Economic.

Children will learn about 'Celebrating difference'. This will help them understand how they are different to everyone else and how to accept people for who they are.

Willow Class

What your child will be learning about in Autumn 2 2026?

Dear Parents and Carers,

We are excited to have creative outcomes from our knowledge curriculum this term and for the children to learn new stories and facts to share. The children will be learning how to think like a professional in each subject. Please encourage children to read at home and write in their planners which book they have been reading. We will be focusing enhancing our understanding of the new expectations of being in class. Children will be practicing all the new skills like reading, writing and number skills over the next few weeks to embed the new learning.

Kind Regards, The Willow Class team!

Art & DT

Reception:

Creating materials that are inspired by Diwali.

Year 1:

We will be exploring visual arts.

Geography

Reception:

Names of different places around the world.

Year 1:

Coming in Spring 1…

Science

Reception:

The seasons and weather.

Year 1:

Animals and their needs.

Maths

Reception:

Comparing quantities, one more/less than a number.

Year 1:

Simple addition and subtraction.

P.E.

Gymnastics

To understand how to move out bodies with control and to understand different balances.

R.E.

Reception:

Children will learn about Christmas and Christianity.

Year 1:

We will be learning the Christmas Story.

Our Learning *(cont'd)*

ASH CLASS

What a fantastic first half-term we have had in Ash Class! We would like to begin by saying just how brilliantly all the children have settled into their new classroom, routines and teachers. They have been working incredibly hard, showing wonderful enthusiasm for their learning, and Miss Bennett and I are both incredibly proud of each and every one of them!

It has certainly been a busy half-term, and we have managed to squeeze in lots of exciting learning!

In English, we have been learning how to write a journey tale, inspired by the wonderful story Zeraffa Giraffa. We have now moved on to recount writing, exploring our new model text, Local Hero Wins Medal.

In Maths, we have been busy developing our understanding of place value, addition and subtraction. Year 2 have been working hard with two-digit numbers, while Year 3 have been exploring and building their confidence with three-digit numbers.

In Geography, we have been finding out about the world around us, developing our map-reading skills and learning about directions, compass points and the different symbols used on maps.

In Science, we have been exploring living things and their habitats, discovering how different animals and plants are suited to their environments. We particularly enjoyed learning about desert habitats and were amazed to discover that not all deserts are hot – some can be very cold indeed!

In Art, we have been inspired by the wonderful work of Henri Matisse. We have explored his famous cut-out artwork, experimenting with organic shapes and primary and secondary colours to create our own masterpieces. Why not ask us what we have learnt, or even pop in and admire our super-duper artwork?

In Computing, we have been learning all about information technology (IT), identifying where we see it in everyday life and discovering how it helps us. We have also been thinking carefully about how to stay safe online.

Phew! What a lot of learning we have packed into just one half-term!

We are already looking forward to continuing our learning adventures after the break, but for now, we would like to wish all our Ash Class families a lovely, restful half-term holiday.

Enjoy your break, have lots of fun, and we look forward to welcoming you all back in November!

From Miss Bennett and Mrs Dack 

Our Learning *(cont'd)*

ASH CLASS

Computing

Digital Media

We will use technology purposefully to create, organise, store, manipulate and retrieve digital content

We will recognise common uses of information technology beyond school or other online technologies.

History

History will not be taught in the 1st half term

Snettisham Primary School

English

Narrative – Journey Tale

We will learn and use our model text 'The Papaya that Spoke' to write a warning story using different sentence types, description and sequencing vocabulary

P.S.H.C.E.

(Personal, Social, Health, Citizenship, Economic Education)

We will recognise the choices we make and understand the consequences.

We will understand the rights and responsibilities for being a member of our class and school.

Ash Class

What your child will be learning about in Autumn 1 2026?

We are all looking forward to the start of a new school year at Snettisham Primary School with

Our new Ash Class team.

This term we will be busy learning lots of different units of work across our knowledge

rich curriculum with lots of enrichment opportunities to look forward to.

The Ash Class team!

Art & DT

Visual Arts

We will know that Matisse used organic shapes and complementary colours in his cut-outs.
We will learn that artists can show how something feels

Geography

Maps and Globes

We will know maps show us information about a location

We will use a map to plan a route.

R.E.

Christianity

We will say when we have been kind to others, even when it was difficult.

We will know the Jesus taught Christians to be kind

Science

Living Things

We will know that a habitat is the name given to a place where plants or animals live.

Maths

Year 2 – We will be learning about place value, addition and subtraction with numbers to 100

Year 3 - We will be learning about place value, addition and subtractions with numbers to 1000

P.E.

OAA
We will follow & give verbal & written commands to move forwards and backwards

Our Learning *(cont'd)*

BIRCH CLASS

This half term in Birch Class, we've got stuck-into a wide range of interesting topics. English lessons have seen us delving into 'portal' stories and 'lost and found' tales, whilst we have deepened our understanding of Number and Place Value in maths lessons. In Science, we've been learning all about the ways in which animals are classified; and have even had a go at classifying 'unknown' animals for a regional zoo! In Art, we've used acrylics to explore light, dark and shadow – Miss Scott guided us each week and our final pieces really showcase what we have learned. Our Geography topic, Spatial Sense, has helped us understand how maps represent the world around us — we learned about the changes to the human geography of our local area with a study of King's Lynn and used 4-figure grid references too. We've also been hard at work preparing for our Remembrance performance, practising the classic wartime tunes of *Pack Up Your Troubles* and *Daisy, Daisy*. Finally, in Computing, we've been learning about the Internet – including how routers connect us and what we can (and cannot!) share online. Why not continue the conversation about e-Safety with your child at home?

Our Learning *(cont'd)*

BIRCH CLASS

Computing

The children will be learning about the internet; how it is connected and how it works.

We will also spend time learning about e-safety and sharing important messages.

History

We will be learning about the Anglo Saxons and Vikings. We will also spend some time exploring what life was like *before* these people lived in Britain (linking to the Picts and Scotti), as well as their impact on those who came

Snettisham Primary School

English

We will be working with Portal Stories and Lost and Found tales this half term. We will continue to share high-quality texts and link our writing to these.

We will read in class every day, with spelling lessons alsocontinuing.

P.E.

PE lessons this half term will focus on OAA (Outdoor Adventurous Activities).

Children will participate in a range of tasks designed to develop their teamwork skills

Year 4/5 - What will your child be learning about this half term?

Dear Parents and Carers,

We are excited to have many creative outcomes from our knowledge curriculum this term and for the children to learn lots of new and interesting facts. We will be learning how to think like a professional in each subject. Please continue to encourage Your child to read at home and write in their Reading Record which book they have been reading. We will also be continuing to learn our times tables and work on grammar skills.

It will certainly be a great half term for the wonderful Year 4s and 5s in Birch Class!

Kind regards, The Birch Team

Art & DT

We will be exploring Light and Dark as a means of developing depth within artwork.

We will use a range of medium, including sketching pencils and acrylic paints!

Geography

We will be developing our spatial sense this half term. This will include learning about the globe, the position of Great Britain in relation to other countries and study of latitude and

Music

We will continue to eplore rhythm and pulse using Charanga.

Science

We will be learning about classification this half term. We will identify the features that mean that animals can be classified differently and will learn about the history of Taxonomy too.

Maths

We will develop our understanding of place value, number and written methods for calculating addition and subtraction problems.

P.S.H.C.E

We will increase our sense of self through the unit 'Being me in my world'.

Latin

In the unit 'The Military Machine', we will learn about singular and plural nouns.

R.E.

We will learn about Buddhism, the teaching of the Buddha and Buddhist interpretations of happiness.

Our Learning *(cont'd)*

Welcome to our head pupil newsletter!

We are thrilled to have been voted Head Pupils this year. This role means a lot to us. So far, we have chosen new members for JLT and other leaders. We were asked to read at the Harvest Festival which we enjoyed. As Head Pupils, we're looking forward to having more meetings to help our school and bring new ideas. We are setting high expectation for next years Head Pupils!

Ronnie and Lillie-June

Our Learning *(cont'd)*

98-100%	• Excellent - Children are accessing all learning opportunities
96-97%	• Good - Very few learning opportunities are missed
94-95%	• Risk of underachievement • Up to 10 school days absent in an academic year
92-93%	• High risk of underachievement • Up to 15 school days absent in an academic year
90-92%	• Severe risk of underachievement • Upwards of 22 school days absent in the academic year
< 90%	• Extreme risk of underachievement • Upwards of 22 school days absent in the academic year

The importance of good attendance

The Government strives for every pupil to achieve 97% attendance. Every day away from school is a day away from learning and this can have an impact on a child's education and future accomplishments.

We want every child to enjoy school and achieve their potential in education and life beyond. We are always here to talk through any issues and help find solutions. Parents are always a phone call away if a child is too ill to continue their day, please encourage them to try to give the day a go, children often feel much better once they are in class.

The Government has issued new attendance guidance and targets to all schools, you may receive regular texts informing you of the number of days that your child has been absent in a term/year. The Government hope that this personal approach will make parents more aware of how the odd day adds up and help keep you informed.

Is my child too ill for school?

UK Government NHS

Does your child have a high temperature (38°C or more)? YES Keep them off school until it goes away. NO Follow the guidance below.

Your child can usually go to school with a mild cough or cold if they are otherwise well. If you do keep your child at home, it's important to phone the school or nursery on the first day and give them the reason.

Should go in	Should go in (let the school know)	Seek treatment before returning to school	Keep them off (at first)
A cough, cold or sore throat Fine with slight cough or common cold symptoms, such as a runny nose, sore throat or headache, as long as they're otherwise well and do not have a high temperature.	**Cold sores** Encourage them not to touch the blister or kiss anyone while they have the cold sore, or to share things like cups and towels.	**Impetigo** They'll need treatment from a pharmacist or GP, often with antibiotics. Keep them off school until all the sores have crusted over and healed, or for 48 hours after they start antibiotic treatment. Encourage your child to wash their hands regularly and not to share things like towels and cups with other children at school.	**Ear infection** If your child has an ear infection and a high temperature or severe earache, keep them off school until they're feeling better or their high temperature goes away.
Threadworms Speak to your pharmacist, who can recommend a treatment.	**Conjunctivitis** Fine unless they are feeling very unwell. Seek advice from your pharmacist. Encourage your child not to rub their eyes and to wash their hands regularly.	**Ringworm** See your pharmacist unless it's on their scalp, in which case you should see a GP. It's fine for your child to go to school once they have started treatment.	**Measles** They'll need to see a GP. Call the GP surgery before you go in, as measles can spread to others easily. Keep your child off school for at least 4 days from when the rash first appears. They should also avoid close contact with babies and anyone who is pregnant or has a weakened immune system.
	Head lice & nits You can treat head lice and nits without seeing a GP.	**Scarlet fever** They'll need treatment with antibiotics from a GP. Otherwise they'll be infectious for 2 to 3 weeks. Your child can go back to school 24 hours after starting antibiotics.	**Vomiting & diarrhoea** Stay away from school until they have not been sick or had diarrhoea due to illness for at least 2 days (48 hours).
	Hand, foot & mouth disease If they seem well enough to go to school, there's no need to keep them off. Encourage your child to throw away any used tissues straight away and to wash their hands regularly.	**Chickenpox** Keep them off school until all the spots have crusted over. This is usually about 5 days after the spots first appeared.	
	Slapped cheek syndrome Once the rash appears, they're no longer infectious. Let the school or teacher know if you think your child has slapped cheek syndrome.		

Feeling worried or anxious: It's normal for any of us to feel worried sometimes. We may get a tummy ache or headache, or have problems eating or sleeping. Avoiding school can sometimes make a child's worries about going to school worse. If your child is struggling, please speak to school as soon as possible to explore available help. If your child is still struggling and it's affecting their everyday life, you should contact GP or school nurse.

To find out more, search www.NHS.uk for the specific illness or infection, or 'Is my child too ill for school?'
