Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Snettisham Primary School
Number of pupils in school	93
Proportion (%) of pupil premium eligible pupils	48%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-2024
Date this statement was published	December 2021
Date on which it will be reviewed	March 2022
Statement authorised by	Louise Jackson
Pupil premium lead	Emma Hunt
Governor / Trustee lead	Andy Gee

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£ 62,180
Recovery premium funding allocation this academic year	£ 6,380
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£ 68,560

Part A: Pupil premium strategy plan

Statement of intent

Our intent is to ensure that the gap between the attainment and progress of pupil premium and non-pupil premium pupils both within school and nationally is closed. To ensure that pupil premium children gain the social and emotional skills to access the knowledge curriculum and develop a love of learning.

To identify the challenges that our pupil premium children face and the ways that these will be addressed, using research on the most effective strategies provided by the Education Endowment Foundation (EEF).

Our objectives are to:

 \checkmark Remove barriers to learning created by social and economic background

 \checkmark Ensure ALL pupils are able to read fluently and with good understanding to enable them to access the breadth of the curriculum

 \checkmark Develop confidence in their ability to communicate effectively in a wide range of contexts

 \checkmark Enable pupils to nurture their social and emotional wellbeing and to develop resilience

 \checkmark Access a wide range of enrichment opportunities to enhance their knowledge and understanding of the world and raise aspirations.

Achieving our objectives:

In order to achieve our objectives and overcome identified barriers to learning we will: Provide all teachers with high quality CPD to ensure that pupils access effective quality first teaching
Provide targeted support to quickly address identified gaps in learning
Target funding to ensure that all pupils have access to trips, residential visits and first hand learning experiences
Provide opportunities for all pupils to participate in enrichment activities including sport and music
Provide nurture to support pupils in their emotional and social development.

Challenges

Challenge number	Detail of challenge
1	Attainment in phonics, reading, writing and maths
2	Low attainment on entry to the Early Years Foundation Stage in speech, language and communication
3	Access to wider opportunities
4	Parental Engagement
5	Attendance

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Children to achieve national expectations in progress and attainment	 Children will achieve national average progress scores in KS1 Reading, Writing and Maths (0) Children will attain in line with non-disadvantaged pupils/national averages RWM % (EXS/GDS) Children will achieve national average GLD % Children will achieve national average phonics % Children will have accessed small group in class support
Improved speech language and communication	Children in the Early Years will have accessed Neli intervention
Children to have access to wider opportunities	 Children will take part in enrichment experiences, including trust events Children will have music lessons Children will experience school trips/residential experiences Children will have accessed extracurricular activities (drop in/after school clubs)
Improved parental engagement	 Parents/carers will have access to regular workshops Parents will take part in reading cafes Communication via Class Dojo, newsletters, website and Twitter will enhance engagement
Improved % attendance	 Attendance of disadvantaged pupils will be closely monitored. Attendance aim – 95% Attendance lead will work closely with parents to support improved attendance (Early intervention/Fast Track)

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 9,100

Activity	Evidence that supports this approach	Challenge number(s) addressed
CPD for TA's Live marking Feedback RWI Language skills Quality interactions EYFS Behaviour SPS staff will benefit from a regular schedule of training sessions designed to meet support staff specific needs to support learning and ensure a consistent approach in teaching learning including: Live marking Feedback RWI Language skills Quality interactions EYFS Behaviour	 'Investing in professional development for teaching assistants to deliver structured interventions can be a cost-effective approach to improving learner outcomes due to the large difference in efficacy between different deployments of teaching assistants. Training can support adults to ensure they model and develop pupils' oral language skills and vocabulary development.' Education Endowment Foundation (EEF) Research from the 'Teaching and Learning Toolkit' TA interventions 	1,2,3
Feedback to pupils (live marking) Snettisham teachers and support staff will spend lessons prioritising feedback to pupil through live marking to celebrate success and to respond to misconceptions during the sessions.	Research shows - 'Impacts are highest when feedback is delivered by teachers. It is particularly important to provide feedback when work is correct, rather than just using it to identify errors. Feedback has effects across all age groups. Research in schools has focused particularly on its impact on English, mathematics and, to a lesser extent, science. Different methods of feedback delivery can be effective and feedback should not be limited exclusively to written marking. Studies of verbal feedback show slightly higher impacts overall (+7 months).' Research regarding Live Marking - Education Endowment Foundation (EEF)	2
CPD for teachers planned and delivered regularly through the year • Safeguarding • Reading	This CPD strategy is influenced by key findings of the Education Policy-Institute, Evidence Review: "CPD programmes generally produce positive responses from teachers, in contrast to other interventions. The effects of high- quality professional development on	1,2

 Mathematics Science EYFS – language and learning Subject 	teachers and students, states 'High-quality CPD for teachers has a significant effect on pupils' learning outcomes. Evidence suggests that quality CPD has a greater effect on pupil attainment than other interventions schools may consider, such as
leadershipMetacognition	implementing performance-related pay for teachers or lengthening the school day"
CPD meetings at Snettisham Primary will involve quality pedagogical discussions about learning. Senior leaders design the schedule and plan delivery. Leaders at all levels contribute to these sessions with additional INSET days involving experts from other schools and subject specialists. Developing the team's subject knowledge supports recruitment and retention of quality staff and at Snettisham we have invested in this area.	

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 36,200

Activity	Evidence that supports this approach	Challenge number(s) addressed
Targeted phonics We are developing our reading and phonic strategy to ensure all children can learn to read. No child is left behind. Using support from an appointed reading lead and through a robust approach to assessing and teaching in organised RWI groups we will raise achievement for all. TAs will receive training and coaching to follow a structured programme and	'Phonics has a positive impact overall (+5 months) with very extensive evidence and is an important component in the development of early reading skills, particularly for children from disadvantaged backgrounds. If an older reader is struggling with decoding, phonics approaches will still be appropriate.' Education Endowment Foundation (EEF)Research from the 'Teaching and Learning Toolkit'	1,2,4

precision teach to pupil gaps through EYFS-KS2		
on a daily basis. Parents will be involved, training and supported.		
One to one or one to three tuition School Led Tutoring RWI catch up Speech and Language Social and Emotional support	Education Endowment Foundation (EEF) Research from the 'Teaching and Learning Toolkit' states 'On average, one to one tuition is very effective at improving pupil outcomes. One to one tuition might be an effective strategy for providing targeted support for pupils that are identified as having low prior attainment or are struggling in particular areas. Research which focuses on teaching assistants who provide one to one or small group targeted interventions shows a stronger positive benefit of between four and six additional months on average. In some cases one to one tuition has led to greater improvement, while in others tuition in groups of two or three has been equally or even more effective.'	1, 2, 3
NELI – Nuffield Early Language Intervention Refresh NELI training - Autumn 2021 - to further increase vocabulary and language development. Increase delivery of EYFS CPD for teachers and TAs to support the implementation of the new EYFS Framework to promote quality communication and interactions to support early reading and work with families to support early talk/reading.	Nuffield Early Language Intervention [TA support in delivering to children] Education Endowment Foundation (EEF) Research from the 'Teaching and Learning Toolkit' states 'The average impact of Oral language interventions is approximately an additional six months' progress over the course of a year. Some studies also often report improved classroom climate and fewer behavioural issues following work on oral language	2
Tackling tables	Repeated systematic practice of times tables is effective and this declarative knowledge serves as a building block for procedural knowledge. This process is the key to making the retrieval of basic times tables facts fluent for pupil. (Hasselbring, Lott & amp; Zydney, 2005)	1

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 23,260

Activity	Evidence that supports this approach	Challenge number(s) addressed
 Parental Engagement (particularly in EYFS) Phonics and reading CPD Class dojo stories Bedtime stories- event and pedagogy Stay and play ECFS links for support and advice Workshops/CPD Social Media Cafes Events Effectively promote parental engagement in learning via regular workshops in school, and develop further through Class Dojo, Twitter, newsletters and the school website. 	Family engagement shows significant improvement in progress and attainment – EEF toolkit 2019 "In the early years, the evidence supports the importance of parents' reading to / with their children (and associated interactions) and support for learning (creating a supportive home learning environment). Parent involvement plays a key role in children's academic attainment.	2,3
Pastoral supportSnettisham staff will usetargeted pastoral systemsto manage wellbeing ofpupils and work withfamilies• Talking time• Meet and greet• Lego therapy• Senior mentalhealth training• FSP and EHmeetingsFurther embed the useof Lego therapy toenhance social andemotional development;	Education Endowment Foundation (EEF)Research from the 'Teaching and Learning Toolkit' states 'Social and emotional learning approaches have a positive impact, on average, of 4 months' additional progress in academic outcomes over the course of an academic year.'	1,3,4

increasing confidence, expression and good mental health for targeted pupils so they are ready to learn in the classroom. Embed SALT intervention work in KS1.		
Breakfast club At Snettisham we invite and target pupils into a daily breakfast club from 7:45- 8:45 in order to develop positive routines, access to opportunity and ensure breakfasts. Pupils who would benefit will be targeted for support	The Department for Education (DfE) Breakfast club programme 2021-2023 overview, published 9th July 2021 states 'The evidence shows that providing a healthy school breakfast at the start of the school day can contribute to improved readiness to learn, increased concentration, and improved wellbeing and behaviour.'	
After school clubs Snettisham staff will deliver a regular schedule of clubs targeted at pupils to extend and enrich their day. • Art • Drama workshop • Multisport • Musical tuition • Art • Yoga • Singing	A six-year research project by the Learning Away Project, funded by the Paul Hamlyn Foundation, concluded 'residential learning experiences 'provide opportunities, benefits and impacts that cannot be achieved in any other context or setting; 82 per cent of KS2 pupils said their teachers and lessons on the residential helped them to learn.'	
Access to wider opportunities - At Snettisham we will build on our curriculum offer with additional strategies to broaden pupil access to culture and diversity. We will refresh our ARTSMark in 2022. We will target Musical tuition and Trust Arts events to specific pupils. We will prioritise trips, experiences and workshops that develop creativity and wellbeing.	Education Endowment Foundation (EEF) Research from the 'Teaching and Learning Toolkit' states'Arts participation approaches can have a positive impact on academic outcomes in other areas of the curriculum. Wider benefits such as more positive attitudes to learning and increased well-being have also consistently been reported.'	

Total budgeted cost: £ 68,560

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021 results will not be used to hold schools to account. Given this, please point to any other pupil evaluations undertaken during the 2020 to 2021 academic year, for example, standardised teacher administered tests or diagnostic assessments such as rubrics or scales.

If last year marked the end of a previous pupil premium strategy plan, what is your assessment of how successfully the intended outcomes of that plan were met?

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
Online Books	MyOn
Online Reading Quizzes	Accelerated Reader
Online Maths Tests	Maths.co.uk
RWI Phonics Catch-up	Read Write Inc

Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	We invested in support for tutoring and technology
What was the impact of that spending on service pupil premium eligible pupils?	Increased attainment and progress at the end of KS1 from WTS to EXS

Further information (optional)

Use this space to provide any further information about your pupil premium strategy. For example, about your strategy planning, or other activity that you are implementing to support disadvantaged pupils, that is not dependent on pupil premium or recovery premium funding.
