

Computing

The children will be learning photo editing and audio recording.

We will also continue to share messages about e-Safety and ways to protect information on our devices.

History

We will be learning about Henry VIII and the Tudors.

Later in the half term, we will visit King's Lynn to spend some time exploring the Tudor's impact on our local area and the legacy that they left behind.

Snettisham Primary
School

English

We will be working with 'Lost and Found' tales and newspaper reports this half term. We will continue to share high-quality texts and link our writing to these. We will read in class every day, with spelling and grammar sessions also continuing.

P.E.

PE lessons this half term will focus on gymnastics and dance.

Children will develop skills associated with balance and coordination, linking movements into sequences.

Art & DT

We will be exploring 'space' as a means of adding interest and giving a sense of scale within artwork. We will use a range of mediums, including sketching pencils, charcoal and acrylics.

Year 4/5 - What will your child be learning about this half term?

Dear Parents and Carers,

We're looking forward to the many exciting outcomes in our knowledge-based curriculum this half term, which will continue to provide the children with interesting learning opportunities. Please continue to encourage your child to read regularly at home and complete the home-learning tasks set for them each week (maths and spellings). These tasks will always compliment children's learning in the classroom and will help to keep their skills sharp!

Kind regards, The Birch Team

Geography

We will be developing our understanding of Mediterranean Europe this half term. This will include learning the countries in the locality, climate and physical features.

Music

We will learn about the ways music can create feelings, using Charanga.

Science

We will be learning about the human body this half term. We will identify the structures and uses of different parts, with focused study on some of the vital organs required for life.

Maths

We will learn to use efficient methods for multiplication and division, before tackling area. Preparation for the Y4 MTC will continue.

P.S.H.C.E

We will celebrate differences this half term. This unit will be complimented by our 'No Outsiders' teaching.

Latin

In the unit 'Clean and healthy', we will learn about English derivatives from Latin root words.

R.E.

We will learn about the importance of the Christian Christmas Story and discuss its relevance today.
