Snettisham Primary School

Year 2/3 - What will your child be learning about this half term?

Dear Parents and Carers,

We're looking forward to our learning in our knowledge-based curriculum subjects this half term, which will continue to provide the children with interesting learning opportunities. Please continue to encourage your child to read regularly at home and complete the home-learning challenges each week – and upload to Dojo, or bring into School. These tasks will always compliment children's learning in the classroom.

kind regards, The Ash Team

Computing

The children will be learning about staying safe online and to know how to ask for help if it is needed.

This is incredibly important for them to understand in our increasingly digital world.

History

We will be learning about the time in history between the Stone Age and the Iron Age. There will be lots to learn about how people used to live, eat and make things.

English

We will be working with 'Until I met Dudley' and explanation texts. We will read in class every day, with spelling and grammar sessions.

Keep going with your reading every day too, everyone is working really hard.

P.E.

PE lessons this half term will focus on gymnastics and dance.

Children will develop skills associated with balance and coordination, linking movements into sequences.

Art & DT

We will be exploring 'mechanisms and levers' to create movement.

We will design and make a picture with moving parts.

Geography

This will continue in Spring 1.

Music

We will learn about different styles of music, using Charanga.

Science

We will be learning about living things and their environments. This will build on our habitats work from last half term. We will learn about food chains.

Maths

We will learn to calculate using multiplication and division. Then we will move on to measuring length.

P.S.H.C.E

We will celebrate differences this half term. This unit will be complimented by our 'No Outsiders' teaching.

Latin

Our unit 'food, glorious food' will help us learn words related to all things food.

R.E.

We will think about heroes and will learn why Christians believe Jesus was born into the world and know the Christmas story.
